Los millennials, el secreto de la supervivencia para las empresas familiares

Las claves para prevenir y mitigar los conflictos son: planeación financiera, involucramiento de los más jóvenes e impacto social sostenible. Asimismo, se hace preciso fortalecer las habilidades "blandas" e inteligencia emocional.

EN CORTO
Conexión de géneros. Históricamente, la dirección de las empresas ha sido asumida por los descendientes varones. Especialmente en el Perú, King reconoce que con el tiempo cambiar ese patrón. Sin embargo, un estudio de EY revela que, a

Liderar con el conflicto
 Ahora, ¿qué ocurre cuando el conflicto es inminente o cuando dos socios sucesores pelean por un puesto de poder?
 En estos casos, el pasado familiar puede pesar mucho más de lo que se quisiera, reconoce King. Así, señala que es fundamental contar con una política de resolución de conflictos, es que se maneje

"Es necesaria la igualdad de género en la economía familiar"

El rol de las mujeres en la economía familiar es clave para el desarrollo de las empresas familiares. King destaca que la igualdad de género en la toma de decisiones es fundamental para el éxito de estas empresas.

finanzas familiares, explica a El Comercio que si bien "la educación debe verse siempre como una inversión y no como un gasto", esta "debe ser planificada correctamente". Ella recomienda que si uno planifica, la llegada de la temporada de clases lo tomará preparado. "Lo ideal para la familia es que dentro del presupuesto anual se coloque como un gasto fijo el monto que se necesita para adquirir todos los útiles escolares", comenta.

"Se puede hacer este presupuesto tomando como base lo que se invirtió el año pasado. La clave está en disminuir lo que se quiere de lo que se necesita", indica.

Sin embargo, los planes que se marcan no siempre salen como uno quiere. La experta indica que si va a

Las 3 claves de las finanzas en pareja

Materializa los sueños propios y los compartidos con estos consejos de Elaine King, experta en planificación financiera.

Cuando se decide iniciar vida en pareja, uno de los factores que menos se leena en cuenta es cómo será la dinámica financiera.

Sin embargo, un buen manejo de las finanzas será uno de los principales factores de una relación, pero facilita la generación de tensiones con los que se preguntan las cuentas y se materializan los sueños propios y compartidos.

Elaine King, experta en planificación financiera, nos brinda algunas claves para lograr la armonía financiera en pareja:
